TELEFAX LETTER

February 05, 2002

Please deliver the following pages to:

NAME : Mr. Bob McKeonn

FIRM : City of Toronto

FAX No. : 416-392-0721

PROJECT: Roof Signs Installation at One Bloor Str. West, Toronto.
Application No. 101 111 of Jan.07/2002

(Total number of sent pages 5)

Dear: Mr. McKeonn:

Further to our telephone discussion of today please be advised as follows:

- We confirm that after having observed the existing building structure and reviewed the original structural drawings by Jablonsky Structural Consultants (a set of drawings has been submitted to you), we are of the opinion that the existing building can accommodate the extra loads due to the proposed sign installation;
- Please find attached a print-out from our computerized calculations showing all support reactions. If you have any questions or would like to discuss any items, please call;

REQUESTED - CONFIRMATION - EXISTING BUILDING ADEQUATE

(2 pages)

All existing steel and masonry structures will be field observed and re-evaluated upon exposure and proper modifications will be implemented if required.

Regards,

Michael Zalts, P.Eng.
